1.	V3	KIŠŠOVÁ, Michaela Sociálne prostredie ako jeden z kriminogénnych faktorov drogovej kriminality/The social environment as one of the criminogenic factors of drug criminality/ aut. Michaela Kiššová, rev. Jana Firstová. In: Security Forces [electronic document]. - ISSN 1803-6856. – number 2 (2015), p. 1-11. [KIŠŠOVÁ, Michaela (100%)]	
		<p>In a scientific study, the author analyzes the impact of the social environment on students and their experimentation with psychoactive substances in the Slovak Republic. The results obtained bring some benefits in the field of safety problems, pointing out the factors that exist and contribute to the development of drug addiction in individuals, and the findings can be used in several countries. The scientific study defines the methods used, established partial hypotheses, as well as the current state of knowledge in the field. Selected information from respondents was processed into several graphs. Based on the partial results of the survey, conclusions were formulated in this area. The scientific study represents a partial output from the scientific research task, which was solved at the Academy of the Police Force in Bratislava.</p> <p>According to the criteria of the Scientific Council of the Academy of the Police Force in Bratislava determining the segmentation of outputs, this is a scientific study that has some contribution to the development of security sciences and brings elements of originality in solving scientific security problems for security systems of at least two different countries and for this reason was this output assigned to category A-.</p>	
2.	AEC	KIŠŠOVÁ, Michaela Nové psychoaktívne látky a ich výskyt v Európe / New psychoactive substances and their occurrence in Europe/ aut. Michaela Kiššová. In: Security management in the context of current issues [print] / rev. Josef Reitšpís, rev. Roman Svatoš. - České Budějovice : Vysoká škola evropských a regionálních studií, 2020. - ISBN 978-80-7556-072-8. - p. 157-164. Sign.: F 20567 [KIŠŠOVÁ, Michaela (100%)]	
		<p>The author points out the occurrence of new psychoactive substances on drug markets in the countries of the European Union from the perspective of the UN Office on Drugs and Crime and the European Monitoring Center for Drugs and Drug Addiction. It also points to the risks arising from the use or consumption of new psychoactive substances by individuals. The originality of the output is visible in the comparison of selected time periods with the occurrence of a range of new psychoactive substances on the drug markets and their subsequent spread to the countries of the European Union.</p> <p>According to the criteria of the Scientific Board of the Academy of the Police Force in Bratislava determining the segmentation of outputs, it is an expert article, which has an objective meaning and brings certain elements of originality for the security systems of two different states, therefore the author dared to classify this output in the category A-.</p>
