Bratislava: Academy of the Police Force in Bratislava, 2010. pp. 136. ISBN 978-80-8054-504-8. Sign.: F 16943 [MARCZYOVÁ, Klaudia]</p> <p>The author of the monograph interprets the key comparative aspects between the legislation of state-owned enterprises and commercial enterprises with an emphasis on three decades of discussions on which of the two platforms is more suitable for the state for doing business. The author offers an innovative method of explanation which lies in the fact (besides other things) that the author not only presents his findings through the “traditional legal explanation”, but summarises the findings in clear tables using a comparison, analysis and synthesis. The uniqueness of the output is strengthened by the fact that neither the Slovak, nor the Czech provenance has provided an interpretation of the legislation of a state-owned enterprise in such an extensive and cohesive scientific form before.</p> <p>According to the criteria of the Scientific Board of the Academy of the Police Force in Bratislava stipulating the classification of outputs, the work is a scientific monograph of an objective significance for multiple states not only in one region, therefore, the author allowed herself to classify the output in the A+ category.</p>
